Enhanced efficiency in office printing

Have you thought about how much time is wasted on everyday office jobs such as printing? Especially in small to mid-sized businesses or work groups there is plenty of scope for enhancing the efficiency of office printing. A new black-and-white office printer from DEVELOP, the ineo 3300P, promises to eliminate much of the printing inefficiency in your office.

Fast processing

High-volume print jobs take time to be processed and printed. That can lead to significant delays in a multi-user environment. So the faster a printer works, the sooner office workers can return to their daily tasks.

To solve the problem of potential delays, the ineo 3300P is equipped with a fast processor, which enables it to print at up to 33 A4 pages per minute. That is an ideal speed for small to mid-sized workgroups and businesses.

Ease of use

If the operating system on your current printer is frustratingly difficult to follow and the device is difficult to use, it's time you considered switching to an ineo 3300P. Its ease of use will save your and your staff's time and effort in everyday printing jobs. And nobody will have to consult an operating manual before using this new printer.

ineo 3300P with additional 550-sheet cassette (PF-P12)

Multipurpose tray for printing on special media such as envelopes

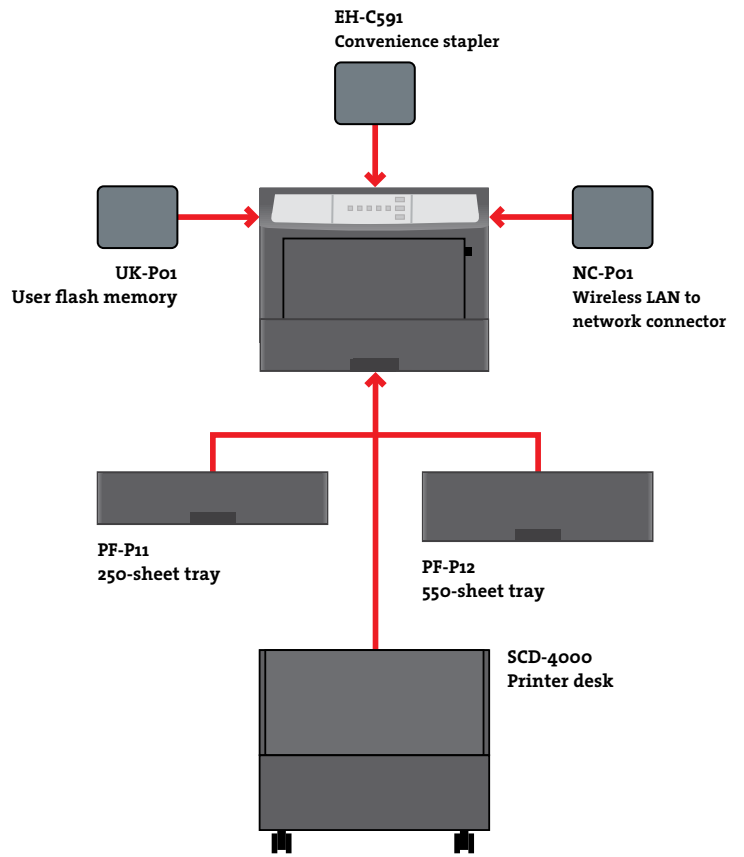

Eco- and user-friendly

The ineo 3300P comes with various eco- and user-friendly features. When the printer runs in eco mode, you will not only end up with a lower electricity and toner bill but also appreciate the absence of loud alarm noises – very pleasant if the ineo 3300P is used as a desktop printer. Besides the standard duplex printing function, which saves energy and paper, you can also manually activate or pre-program the system's hibernate mode, which reduces power consumption to less than 0.5 W, e.g. at the end of a working day.

More convenient

If there is not much room in your office or you specifically need a desktop printer, the lightweight design and small footprint of the ineo 3300P are a big advantage. The fact that this efficient office printer can easily be placed on a desktop and does not need a room of its own is extremely convenient for staff in an HR or finance department, for example, where confidential documents should not end up in the wrong hands.

GENERAL DATA

Type of machine

Monochrome A4 laser printer

Printing and copying speed

> A4

Max. 33 ppm

Print system

LED

Paper feeder

> Standard: 300 sheets, max. 850 sheets

> 250-sheet universal cassette

(A6-A4, 60-90 g/m²)

> 50-sheet bypass (A6-A4, 60-163 g/m²)
paper (including recycled paper), labels,
envelopes, transparencies, card stock

Paper format

Max. 216 x 356 mm

Printable area

206 x 346 mm

Dimensions (w x d x h)

399 x 382 x 263 mm (without options)

Weight

14 kg (main body with toner and IU)

Power

220-240 V / 50 Hz

PRINT SPECIFICATIONS

Controller

Standard: Dual core controller with 800 MHz

Memory

128 MB

Resolution

Max. 1,200 x 1,200 dpi

Network protocols

TCP/IP (IPv4, IPv6); IPP, SNMP, HTTP, HTTPS

Emulation

PCL5, PCL 6, PostScript 3, XPS

Interfaces

IEEE 1284 Bidirectional parallel, USB 2.0,

Ethernet 10-Base-T/100-Base-TX

Driver

Windows XP (32/64), Windows Vista (32/64),

Windows 7 (32/64), Windows 8 (32/64),

Windows Server 2003/2008 (32/64),

Windows Server 2008 R2 (64), Mac OS 10.x, Linux,

Citrix (available approx. July 2013), SAP, AS/400

Print functions

Duplex printing, n-up, watermark, sorting

OPTIONS

> 250-sheet cassette (A5/A4, 60-120 g/m²)

> 550-sheet cassette (A5/A4, 60-120 g/m²)

> 256 MB User Flash

> Wireless LAN

> Convenience stapler

> Printer desk

Cartridge Return Program

DEVELOP Return Program cartridges are patented print cartridges sold at a discount in exchange for the customer's agreement to the license requirement that the cartridges will be used only once and returned only to manufacturer for remanufacturing or recycling. These patented cartridges are licensed for single use only and will stop working after delivering a fixed amount of toner. Toner may remain in the cartridge when replacement is required.

Replacement cartridges sold without these restrictions (non-returnable cartridges) are also available. Please contact a DEVELOP representative for further details and availability
